

tornado SS

dimension (mm)

The Tornado SS range of weatherproof luminaires is wide and complete. The body and clamps are made of stainless steel, offering a very good protection to ambient temperatures, chemical aggression and UV resistance. The diffuser of the range are toughened glass. The one-part polycarbonate clip is profiled for a better cleaning and is vandal proof, due to the necessity of a tool in the opening mode. Suitable for tunnels, high protective places, chemical aggressive rooms, explosionproof objects, laboratories, or damp environments.

## ELECTRICAL SPECIFICATIONS

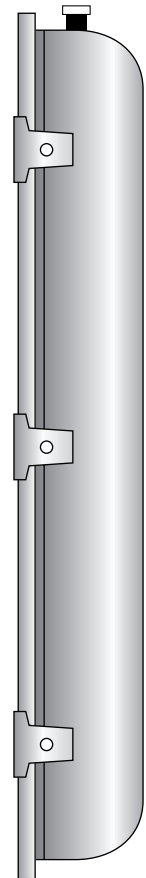

- Ferromagnetic ballast and switch or electronic starters
- Optional
  - parallel compensation
  - low loss ballast
  - HF or HFD ballast
  - through wiring in the base: 1 or 3 phase (3x2.5mm<sup>2</sup>) (5x2.5mm<sup>2</sup>)
